

# WE TEACHERS.

***U.S. Cellular's Calling All Teachers program returns this fall to help public school teachers erase \$1 million in classroom needs.***

## **You can help!**

1. Tell every public school teacher you know to register at [DonorsChoose.org/teacher](https://www.donorschoose.org/teacher) and become a "U.S. Cellular® teacher."
2. Tell them to return to the site during Calling All Teachers in August to submit a classroom project.
3. We're funding \$1 million in classroom projects in late September and October.

It's that easy!

## **PUBLIC SCHOOL TEACHERS**

### **Here's your assignment:**

- Register at [DonorsChoose.org/teacher](https://www.donorschoose.org/teacher).
- Sign up to be designated a "U.S. Cellular Teacher."
- Come back in August and submit your project.

### **Here's how you sign up as a U.S. Cellular Teacher:**

1. Sign into your teacher account at [DonorsChoose.org](https://www.donorschoose.org) or create one if you're a first-timer.
2. On your main account page, click "update affiliations" (or if you're creating a new account, you'll have the option to choose your Teacher Affiliations during the process).
3. Scroll down and check the box marked "U.S. Cellular Teacher," then click "Next" and follow the steps to return to your teacher account (or if you're creating a new account, you'll move forward in the registration process).
4. Now you are classified as a "U.S. Cellular Teacher" and your projects can be considered for funding in the fall.

We believe teachers deserve something better!
