

2023-24 Vincent O. Green Grant Recipients

Tech for Computer Science submitted by David Finn, Jefferson Middle School STEM teacher in Champaign. Funds will be used to purchase highly engaging materials and devices to learn more about electricity and computer science basic principles which support 6-7 and 8th grade STEM students.

Visit from Cayden Harris financial prodigy submitted by Letitia Douglass and Alyssa Ginzburg from Urbana Middle School. Funds will be used bring a remarkable 13-year-old entrepreneur, CEO, and financial literacy advocate to deliver his message of empowering kids with the knowledge and skills to make wise financial decisions to Urbana Middle School.

Budgeting Secrets to needs and wants submitted by Julie Norcross 2nd grade teacher from Kenwood in Champaign. Funds will be used to purchase materials that help 2nd grade students learn how to budget and delay gratification to save for a desired outcome. These materials and class activities will help students learn how to be wise with their funds and how to save for the future.

*The Vincent O. Greene Grants are funded through a gift from the estate of Mr. Vincent O. Greene.

CUSF established this grant to enhance education in financial literacy, math, business, accounting, finance, or similar fields of study. The grants are available to k-12 grade level teachers and encourages community partnerships.
